

Kindermann videosoundbar

KVB120

The all-in-one KVB120 video soundbar allows small meeting rooms and huddle spaces to become places for video conferencing.

> Quick installation

Simply power the unit, connect the USB cable to a PC and the video soundbar is ready to use.

> All-in-one

Due to the built-in UHD camera, the 6-fold microphone array and the 2 x 7 W loudspeakers, the video call can start immediately!

> Always in focus

The intelligent functions such as face recognition and voice localisation enable optimal autoframing, which always adapts the image to the participants and brings the speaker into focus.

Technical data
